

E-Z Lift Beach Chair

***NEW!** Double Ball Joint Head System allow complete control of the patient's head with one knob. Using multiple articulating joints allow the head positioner to safely and effectively control the most challenging patient anatomies, even super kyphosis patients.*

E-Z Lift Beach Chair

- Reduces effort when lifting patients compared to manual systems
- Double-ball joint head system safely secures patient's head

The E-Z Lift Beach Chair provides a lightweight and cost-effective option to our fully powered shoulder chair. This system employs a powerful piston to lift the patient. Adjusts to fit any OR table with our integrated adjustable mounting clamps. 500 lb (227 kg) patient weight capacity. Articulation range is 0°–90°. Lateral Brace included.
